Electric Blanket

Over- | Underblanket

No more enduring stuffiness, and enjoy a pleasant sleeping experience ever after!

Wellcare BBC (Best Bed Climate) Design is originated from the elements of 4D DWF (Dynamic Warmth Flow), breath, warmth, and nature. Cold and warm air circulates in and out each 4D DWF circular hole, soothing warmth flow and better breathability are created for people to have their optimal bed climate. To enjoy the most warmth, remember to always use the side with 4D DWF holes towards your body when the blanket is used as an over- or under- blanket.

With multiple layers of material bring the best 4D DWF air circulation, breathability, and warmth, it makes warmth flow as natural as breathing air. Regardless you are taking a break on the coach, a nap, or sleeping, you wouldn't lose too much heat while tossing and turning.

4D DWF Technology
Brings you warmth dynamically
