Snuggly Heating Cushion

Wellcare snuggly heating cushion is ergonomically designed and built specifically for lower back support, and can also be used on various areas of the body such as shoulders, lower abdomen to stimulate better circulation and provide better support to the body. It is also multifunctional that it becomes a heating pad when you remove the inner pillow!

Moreover, 4D DWF technology is utilized in this product as well. When the product is in use, it delivers dynamic warmth and surrounds you with several hundreds of strands of warmth.

4D DWF brings you 3 most important benefits:

- Better breathability
- Uniquely designed holes to provide 360 degrees warmth circulation
- Warmth kept at a constant temperature

4D DWF Technology
Brings you warmth dynamically
