Mobile Heating Seat Cushion

2-in-1 | Indoor & outdoor

No matter if you are at home or outdoors; and/or alone or with friends, it is always beneficial to bring Wellcare 2-in-1 mobile heating seat cushion with you when warmth is needed and make your activities even more enjoyable.

The specially-designed heating module which is equipped with 4D DWF dynamic warmth flow technology is used in this mobile heating seat cushion. 4D DWF circular holes provide 360 degrees air circulation, have excellent breathability, and distribute heat evenly. Moreover, this cushion is reversible and made by 2 materials: on one side, special selected cosy fabric for home use, and the other side is waterproof material for outdoor use.

A wonderful combination of mobility and innovation allows people to bring their own dynamic warmth wherever they go.

4D DWF Technology
Brings you warmth dynamically
